Is it normal to talk to yourself?	What is self talk (ME TO ME) This is completely normal Children does this while playing Self Motivation Elders does private and more internal dialouges. (While study, self motivation, self explanation and planning) Increase focus, reduce stress Increased self-esteem
Why art is important Katerina Gregos TEDxGhent	imagine a world where no, pictures, no colors, no festivals, no cultural theme, that place would be a dull place. Help people to engage with others Freedom to express
How to Get Whatever You Want	the art of asking Some people find out the roots but some just pick the fruits. 1- Asking is the beginning of receiving 2- Receiving is not the problem 3- Receiving is like the ocean (Carries countless opportunities) How to ask 1. ask with intelligence (Be clear, be specific, define what you want, chose better words) 2. ask like a child Formula: plan like a adult, work as a child
The Science Behind Dramatically Better Conversations Charles Duhigg TED	- We think of a discussion as one conversation. - But. actually each discussion contains many conversations. - There are three types of conversation. Practical conversation (What is this really about?) Emotional conversation(How do we feel?) Social conversation(Who are we?) People are doing theses three at the same time, that is the

	reason they can not connect with each others. lake of understanding -The Matching principle Successful conversation requires recognizing what kind of conversation is occurring, and then matching one another. But how do we do that? this is hard to implement in everyday life to ask questions according to the type of conversation. - Deep Questions? where do you work? x ask...What do you love about your job? in deep questions instead of asking about facts of someone's life..... ask how they feel about their life. Deep questions allow us to say something real.
How to Speak Up — Even When You Don't Want To Sarah Crawford-Bohl TED	- Moral Compass North⇒ I think about the North start, a guide toward the good and right thing to do. (be the best version of yourself) - South⇒ The S in south reminds me of support. Do the conversation with kindness. - East⇒ E stands for empathy: feel people safe to come with me. - West⇒ W stands for wonder: always have curiosity in your message. - Always own your work and take the feed back of your work.
Learning a language? Speak it like you're playing a video game Marianna Pascal TEDxPenangRoad	To communicate in English: Level of english is not important, attitude is more important. Examples: Shopping, Compare your level of English with native speakers. While speaking do not focus on yourself, just focus on the person who is listening to you. English is a tool to play
What Is an AI Anyway? Mustafa Suleyman TED	- People were considering the Ai a sci-fi kind of thing but (Ai proves itself by generating the text, translating the language, speech recognitions, understanding complex images, most importantly diagnosis diseases more accurately than humans. - As a computer science student I have two questions here. - can Ai help humans to mitigate the risk of climate change? - Can Ai provide personalized education to everyone?

How To Eliminate Self Doubt Forever & The Power of Your Unconscious Mind Peter Sage TEDxPatras	Little joni Example: Baba Baba I wanna toys, Baba: you do not deserve it, you do good behavior,: This create the doubts, also rose the skepticism and fear of losing *People never rise above than the opinion of themself.* we are using conscious mind to take the critical decision, and rational thinking when we are doing reasoning we are programed according to our environment, if you are an optimistic person and believe on your self but you are living in an setting where everyone pulling your legs and emphasize that you are not good enough. Thereafter, the day will come when you will starting believing to their words and let down all the hops. Ex: if you like pop-music but the person who drive you to the school listening jazz-music that will have wielded influence on you to start listening the jazz-music Over believes are transformed according to surrounding. How to avoid this? 1- Stop putting the wrong things in. like social media, your own social circle and your family 2- Start putting the right things in 3- Get the thing that shouldn't be there out
